OUR VALUES, SKILLS AND MISSION

TO GIVE YOU SAFE ACCESS SOLUTION

Your only step for scaffolding and temporary fence is Action Scaffold Services. Our range of product and services is certainly one of the most comprehensive in Canada. Our commitment to SAFETY as well as our corporate values assures you the best service in the industry.

MISSION AND VALUES

We believe that the concept of partnership is essential to provide the service you should expect from scaffolding professional.

At Action Scaffold Services, our commitment and actions go above and beyond ordinary service. We support our customers throughout each phase to bring a fresh solution to your access needs.

Our internal values (Rigor, Respect, Quality, Innovation, Communication, Positive Attitude, Fun at Work and Listening to our Customer) are closely related to the services we offer to our customers and work partners.

OUR PEOPLE

Dedicated, rigorous and proud to assist you.

It is with passion that our people strive to assist you effectively, professionally and safely; nothing short of your expectation.

SPECIALIZED SERVICES

In order to give you the best, we have within the company an engineering department, and draftsmen to allow

us to offer you fast, efficient and professional services for all kinds of projects. From designing drawings and quotations, to documents of compliance and stress test, etc. we use the latest design software to offer you what is best.

Furthermore, we have a known expertise for suspended work platform under viaducts, bridges, atriums, etc. Our products and service offering extend to hydraulic mast climber, and we have a large experience in special event projects.

We offer our services in factories, industrial complexes with the appropriate equipment.

LOCATIONS

In order to serve you better, and offer fast and personalized services, we have four branches strategically located to assist our customers; Laval, Quebec city and Toronto.

SKILLS, MISSION AND BRANCHES

OUR SERVICES

A CONTINUOUS EVOLVING SERVICE OFFER

TURNKEY ESTIMATION

DETAILS AND PRECISION

With our concern to serve you better, we can offer you turnkey project estimate. Our team of professionals representatives offers you precise and detailed quotes giving an exact idea of your project in real time.

ACCESS SOLUTIONS

OUR COMMITMENT; YOUR SAFETY!

We understand that when you ask us to achieve a project, you ask us to take care of all aspect of it. Safety is our top priority!

Innovative and secure solutions are what you can expect from us. As member of the SAIA, we are certified to be an ATI (Accredited training institute). We also provide IHSA accredited instruction for Working At Heights.

Safety is more than a catch-phrase, it is a promise.

ENGINEERING SERVICE

WE ARE WORKING FOR YOU!

Some installations might prove complex. You might have to obtain a drawing or a certificate of compliance for your scaffolding. Action Scaffold Services takes care of obtaining all documents and necessary compliance from a qualified engineer.

PROFESSIONAL INSTALLATION

SECURITY FROM START TO FINISH

Scaffold installation of a concept that we have mastered. our installer have received the necessary technical and safety training. Scaffolding installation is done in a safe environment and the resulting structures are just as safe.

DELIVERY AND PICK UP

FAST AND EFFICIENT

Many of our trucks are "roll-off", which allows us to carry out fast deliveries and pick up. This system allows a rapid and ergonomic loading and unloading technique. With our GPS tracking system we can locate our truck at anytime and inform you on the delivery and pick up time.

CUSTOM MADE EQUIPMENT

ADAPTING OURSELVES TO SERVE YOU BETTER

In line with our innovative solutions, we sometimes have to react rapidly and adapt to complex situations where standard equipment might not work. We have the machinery and manpower to manufacture special equipment.

We also offer custom fabrication of Metal-tech's Up-Right aluminium scaffold.

The background of the page features a low-angle, black and white photograph of a building's facade, showing a series of vertical architectural elements. A large, solid green rectangular overlay is positioned on the right side of the image, partially covering the building and the sky. The text 'SWING STAGE' is printed in white, bold, sans-serif capital letters on the green background.
